

Paraparaumu Scooters in School Contract

I understand that our school is supporting students to lead an active, fun and healthy lifestyle.

I understand that if my child chooses to use their scooter during morning tea and lunch breaks, they must be responsible for demonstrating the following:

1. My scooter will be named
2. I will sign my scooter in at the front office
3. I will park my scooter in the designated scooter areas
4. I will walk my scooter to the designated scootering area
5. I will stay in the designated scootering area
6. I will only use my own scooter
7. I will not lend my scooter out to others
8. I will scooter safely around my peers

Please discuss these guidelines with your child and sign below. In the event that these guidelines are repeatedly not adhered to, your child's scooter will be put away until the end of the day and may face a period of time where they cannot scooter during breaks. This will be at the duty teacher's or classroom teacher's discretion.

If you have questions or concerns about scooters in school, the school will be happy to discuss this with you.
